

Lennon & McCartney Lied
Jessica Campbell/Walker Hayes

Verse:

I remember how believable it was
When forever had a table for us
All we had and all we needed was love
Just like the Beatles song

Verse:

But it hit me kind of different tonight
When I listened in a lonely light
How can those words be right
When I feel this wrong

Chorus:

Lennon and McCartney lied
Love is not all you need
Cause without you my love my love
What is it worth to me?
All I feel is is empty inside
How can they say, "It's easy"
Oh, Lennon & McCartney lied
Love is not all you need

Verse:

The truth is hard to swallow, hard to breath
You're gone but the feelings never leave
I appreciate the pages & pages of wasted memories

Bridge:

I need you, I need you
