

Sunnyside

I was born with a dreaming heart
It's hard to hold on when the road gets dark

You love me over & over, Time & time again
Pull me in a little bit closer & bring the light back in

Baby you have a way
You always make it shine
When I am feeling low
Baby you're my sunnyside
Cool as the summer rain
Sure as the ocean tide
I've got a hand to hold
Baby you're my sunnyside

My restless soul needs one of a kind
You make it look easy the way you soothe my mind

You keep me hanging on, won't let me let go
When I feel like faith is gone
You're my ray of hope

Baby you have a way
You always make it shine
When I am feeling low
Baby you're my sunnyside
Cool as the summer rain
Sure as the ocean tide
I've got a hand to hold
Baby you're my sunnyside

Bridge:

You bring me home back to where I belong
You make smile, baby you're my sunnyside
You bring me home back to where I belong
You make smile, baby you're my sunnyside
